

KASB Securities sweeps CFA Excellence Awards

KASB Securities' impressive run at the CFA Excellence Awards continued this year, as KASB Securities was named the Best Brokerage House in Pakistan for the fourth consecutive year. The results were based on an extensive poll of over 50 domestic institutional clients, managing over PRs260bn in equity funds. The award for Best Equity Analyst was also bagged by KASB Securities (M Fawad Khan) with this year's award taking KASB's unbeaten run in the category to seven years.

The latest recognition adds to KASB's list of achievements both home and abroad where KASB was ranked as the Best Domestic Equities House in Pakistan by AsiaMoney last month, to go with KASB Securities' dominance of the AsiaMoney Polls in late 2011, where KASB secured the top spot in all seven of the research sub-categories as well as winning best sales and best execution.

Nadir Rahman, Chief Executive, commented on the latest award: "We are very pleased and honored by the favorable reviews from clients and market participants regarding our services and thank CFA Society Pakistan for the recognition. The award is a reflection of the hard work and commitment of the entire KASB team and we are delighted to see our efforts pay off'.
