Dear BIPL Family

On the auspicious occasion of our 70th Independence Day, BIPL Securities Limited is proud to introduce **Research Portal** which has following new features to enhance your trading experience with us.

- Provision of fundamental indicators for Pakistan Stock Exchange (PSX) listed companies
- Provision of annual reports for up till 7 year for PSX listed companies
- Provision of quarterly financials for up till 8 quarters for PSX listed companies
- Stock charts
- Technical Indicators
- Company announcements
- Company qualitative data (company information etc.)

Research Portal

- A facility of Research Portal for our clients on our trading terminal, where our registered active users will be able to review the financial statements, technical indicators and data charts of listed companies together.
- A dash board where our clients see the overall picture of the market.
- The research portal helps our clients to give an overview of listed companies and to give the value of key performance indicators of that company.
- This additional feature will be available on mobile App very soon.

Clients Gallery

- Two new features in our trading terminal in **links menu** with the name of Clients Gallery
- First one feature will shows you the scrip weightage w.r.t. points and percentage on 100 index,
- The second one gives you the view of current rate of scrip and compare with rate of 1 month, 3 months, 6 month and 1 year of same scrip, it helps to the customers that where the scrip is trading during the above mention period.

Please note that we will add more features in client's gallery menu in near future to facilitate our clients and try our level best to serve our long lasting and valuable customers.

We hope you will use the above mentioned features and give your feedback to us.
